MEMORANDUM FOR: Deputy Director for Intelligence

SUBJECT : GIANT SCALE [REDACTED]

25X1

1. GIANT SCALE [REDACTED] provides interpretable photography of approximately 15 percent of North Vietnam and portions of northern Laos. The interpretability of the photography is fair to good. The coverage of North Vietnam includes portions of the northwest and central regions and the southern panhandle.

2. Four MAX/MOOSE prop trainers have reappeared at Hoa Loc Airfield, North Vietnam after at least three years absence. We believe these aircraft were being stored in China. Four Czechoslovakian built MAYA jet trainers were seen for the first time in North Vietnam on [REDACTED]

25X1

3. A bridge reconstruction program is underway on the serviceable Hanoi-to-Vinh Rail Line; two temporary bridges are being replaced with permanent structures south of Thanh Hoa. These are the first major reconstruction projects along the rail line since the summer of 1969.

4. Increased sulfuric acid production is indicated by the construction of additional roasting furnaces at the Phu Tho Chemical Fertilizer Plant. This plant suffered no war damage.
